Statute Monitoring

Reduce risk as regulators increase focus on how you collect time-barred debts

Improve your organization's Statute of Limitations workflow through Statute Monitoring — an automated solution to identify accounts that are approaching or are already out of statute.

We provide real-time status on accounts and the ability to see accounts approaching statute date so you can determine potential actions.

Expire Status	Medal	Count	Avg Days to Expire	Principle Assigned
		128	44	$30,641
	1-Platinum	2,001	46	$1,322,766
Near	2-Gold	1,811	46	$575,211
	3-Silver	1,851	45	$394,623
	4-Bronze	1,835	47	$248,820
		7,626	**46**	**$2,572,063**

About Intelitech

The Intelitech Group has been a premiere analytics and consulting provider in the ARM industry for over 20 years. Our work has empowered hundreds of organizations to work smarter using operational consulting, machine learning, and actionable data. We optimize work efforts, improve consumer reach, and avoid risk while evaluating and benchmarking performance.
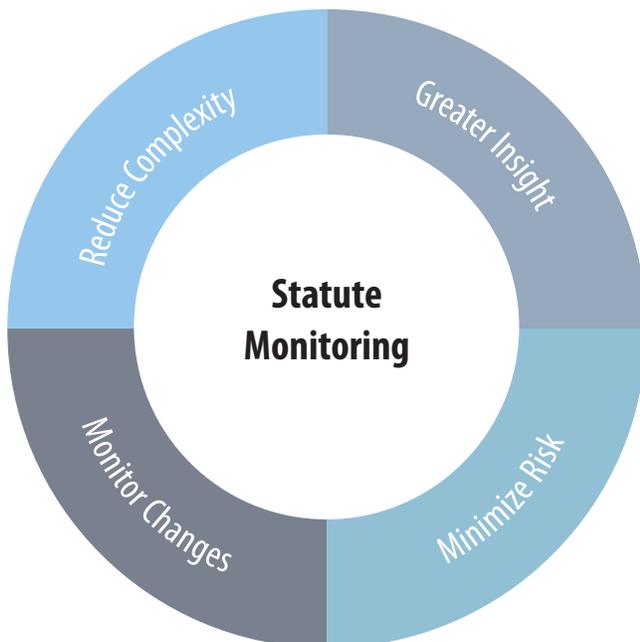

Reduce Complexity

- Are you still manually tracking your accounts' statute status? Let the system apply the complex rules by State for you, freeing up your time and avoiding errors.

Gain Greater Insight

- Gain peace of mind by always knowing an account's status.

Monitor Changes

- Our dynamic monitoring solution will keep you up-to-date with any changes that may occur to an account's statute status.

> **"**
> *"I see so much capability with your data and tools. To make it even better is the knowledge you have to make it all work. Thank you very much for working to make our company and industry better!"*
